### ***Wellbeing Statement from the McIntire School of Commerce***

The McIntire School of Commerce proudly serves as a safe space for its students and aims to promote their wellbeing. If you are feeling overwhelmed, stressed, or isolated, there are many individuals here who are ready and wanting to help. If you wish, you can make an appointment with any of your ICE faculty and go to their office to talk in private. The faculty members at the [Student Services Office](#), located on the third floor, are also readily accessible to talk during walk-in hours or through setting up an appointment.

Alternatively, there are also other University of Virginia resources available. The Student Health Center offers [Counseling and Psychological Services](#) (CAPS) for its students. If you prefer to speak anonymously and confidentially over the phone, call Madison House's [HELP Line](#) at any hour of any day: 434-295-8255.

If you or someone you know is struggling with gender, sexual, or domestic violence, there are many community and University of Virginia resources available. ### ***Student Safety Statement from Arts & Sciences Course***

The University of Virginia is dedicated to providing a safe and equitable learning environment for all students. To that end, it is vital that you know two values that we and the University hold as critically important:

1. Power-based personal violence will not be tolerated.
2. Everyone has a responsibility to do their part to maintain a safe community on Grounds.

If you or someone you know has been affected by power-based personal violence, more information can be found on the [UVA Sexual Violence](#) website, which describes reporting options and resources available.

As your professors, know that we care about you and your well-being and stand ready to provide support and resources as we can. As a faculty member, we are responsible employees, which means that we are required by University policy and federal law to report what you tell us to the University's Title IX Coordinator. The Title IX Coordinator's job is to ensure that the reporting student receives the resources and support that they need, while also reviewing the information presented to determine whether further action is necessary to ensure survivor safety and the safety of the University community. If you would rather keep this information confidential, there are [Confidential Employees](#) you can talk to on Grounds.

There are also other University of Virginia resources available. As noted above, the Student Health Center offers Counseling and Psychological Services (CAPS) for its students. Call 434-243-5150 (or 434-972-7004 for after hours and weekend crisis assistance) to get started and schedule an appointment. If you prefer to speak anonymously and confidentially over the phone, call Madison House's [HELP Line](#) at any hour of any day: 434-295-8255.

If you or someone you know is struggling with gender, sexual, or domestic violence, there are many community and University of Virginia resources available. The Office of the Dean of Students, Sexual Assault Resource Agency (SARA), Shelter for Help in Emergency (SHE), and UVA Women's Center are ready and eager to help.
